Kliptown is a suburb of Soweto in Gauteng, South Africa and lacks essential needs such as schools, proper sanitation, electricity, health clinics, and more. With a population of approximately 44.000, the unemployment rate runs as high as 75%, teenage pregnancy over 40%, and HIV/ AIDS infection at 30 %.

Kliptown Youth Program (KYP) is a non-profit organization founded in 2007 and their mission is to help young people move out of poverty through providing them with academic support, employment opportunities, computer literacy nutrition, sports and Arts activities by providing a free after-school program for 400 kids ages 8 to 20. In 2011 we have been there and talked to the children and teachers - they impressed us with their indomitable energy so we want to support this wonderful project with a share of each sold CD/LP – Thank YOU!

Martin, Omar, Jürgen and Skip Records
